Jayne,

I will be at a 2-day office-wide retreat on 10/17-18. Any of the other dates/times are fine for me.

Also, I agree with Allison that I don't think the guidance for TMDL IP for urban/rural residential land uses within the coastal [area] is relevant for the forestry conditions.

Note that this document is a draft and one of the areas Oregon DEQ is looking at improving is including a decision making framework to assist the users in the selection of management measures or management practices.
